

Practical - 1

Steps to download & install node.js on your system:-

1. Open the Node.js official site.
2. Select the LTS (long term support) file & download it.
3. Run the installer.
4. Accept the license.
5. Keep default settings & include additional tools (optional).
6. Click through 'Next' → 'Install' → 'Finish'.

Welcome to the Node.js Setup Wizard

The Setup Wizard allows you to change the way Node.js features are installed on your computer or to remove it from your computer. Click Next to continue or Cancel to exit the Setup Wizard.
